Placement services

Please accept our condolences on the loss of your companion animal. We are honored to assist you in making arrangements for the placement of your pet at Angels Rest. You may use this information sheet to help determine what type of service is best for you. Please mail or email this form to our coordinator, or use it as a guide when making arrangements by phone.

We offer full-body placements for the pets of Best Friends Animal Society members who live within a few hours' drive of the Sanctuary. Placement fees are \$300 for a pet under 50 pounds and \$450 for a pet over 50 pounds. The fee includes standard green name markers, pictured here:

We ask for five days' notice to allow for site preparation and staff scheduling. We do understand that each situation is different and suggest that you contact our coordinator as soon as you know that you'll be needing our services. Please note that full-body sites are never reopened and that our policy does not allow the use of any form of casket. We recommend a favorite blanket as a burial shroud.

We also offer cremains placement but do not offer cremation. Your veterinarian should be able to direct you to a resource for cremation in your area.

If cremains are removed from their containers, each site can accommodate more companions. A standard cremains site can accommodate up to three sets of cremains in urns and up to eight loose; the fee is \$200 per site. A companion site can accommodate up to eight sets of cremains in urns and up to 20 loose; the fee is \$400 per site.

Placements can be performed all at once, or an initial service can be held and the site reopened at a later date to receive the additional cremains. The fee to reopen the site is \$100 each time. Please talk to our coordinator about your unique cremains placement needs and give us at least five days' notice to make the necessary arrangements. Standard green name markers are included in the fee.

Due to the limits of the site size, our maximums per standard site are three standard name markers, two dedication plaques, or one flagstone or granite marker. Companion sites are limited to one standard name marker, two dedication plaques, or one flagstone or granite marker. You may also order a small or medium wind chime and a shepherd's hook to hang the wind chime over the site. All markers must be placed above the paver that marks your site (centered) and not between sites.
