

BEST FRIENDS ANIMAL SOCIETY: PROVEN STRATEGIES, PROVEN IMPACT

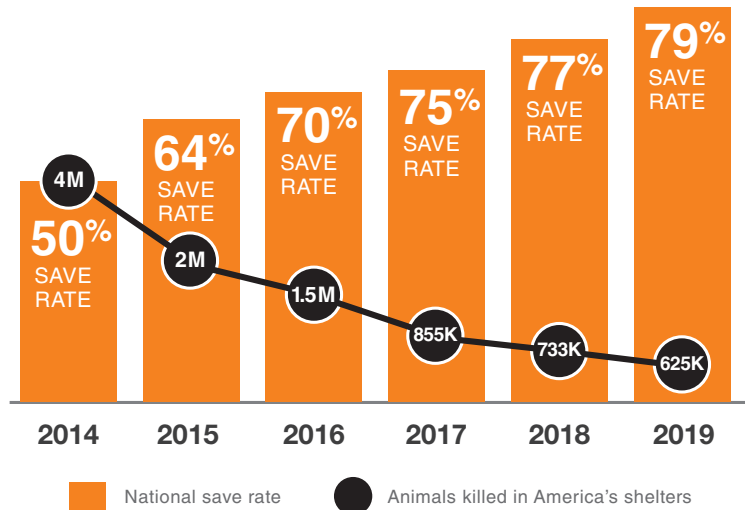

Best Friends and our 3,100+ shelter and rescue partners are saving lives and achieving no-kill at an unprecedented rate. A no-kill United States is in sight.

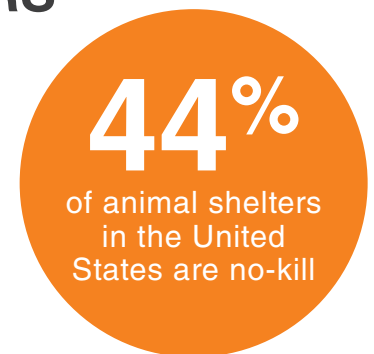

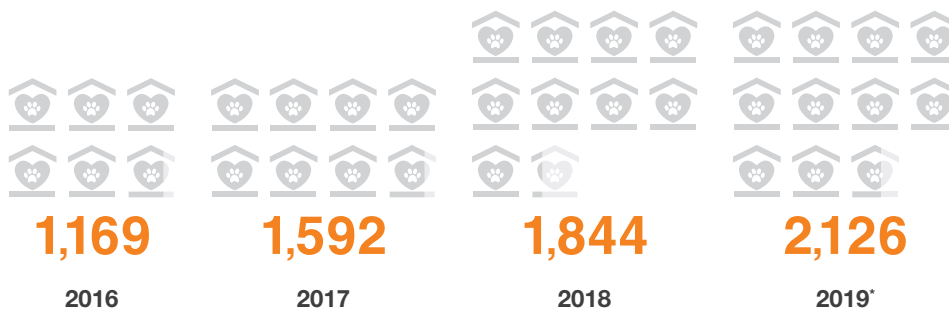

LIFESAVING PROGRESS AROUND THE COUNTRY

When Best Friends was founded in 1984, an estimated 17 million cats and dogs were killed in America's shelters each year.

Since then, much progress has been made. In the last four years, as Best Friends has expanded its national reach and network, and as the no-kill movement has gathered momentum, we've made tremendous progress.

MILLIONS OF PETS SAVED

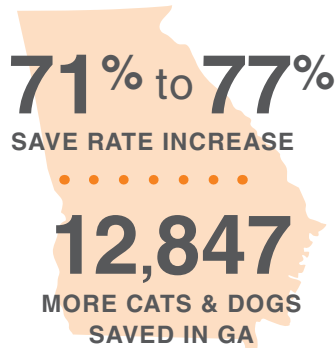

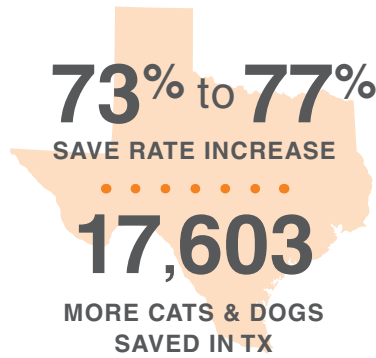

Since 2016, when we declared our goal to make the country no-kill by 2025, we've made incremental progress that adds up to millions of lives saved.

LIFESAVING WHERE IT'S NEEDED THE MOST

Last year, Best Friends and our network partners responded to the significant needs in **TEXAS**, **GEORGIA**, and **CALIFORNIA**, three of the top five states with the biggest lifesaving gaps in 2018. The results speak for themselves:

OUR PROGRAMS WORK

Shelters that engaged with Best Friends programs last year reduced the number of animals being killed in their facilities at **THREE AND A HALF TIMES** the rate than shelters

that didn't engage with us. In other words: because shelters partnered with Best Friends, **63,374** cats and dogs were **SAVED** in 2019 who otherwise may have been killed.

THE PATH TO 2025

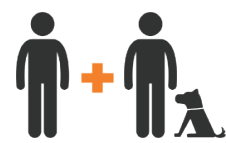

Saving Animals

Developing new approaches to saving lives at the Best Friends Animal Sanctuary and our lifesaving centers around the country with the help of data and technology.

Supporting Animal Shelters

Helping more than 3,100 shelter and rescue partners with essential resources and innovative solutions tailored to meet individual communities' needs and maximize lifesaving.

Connecting Neighbor to Neighbor

Organizing compassionate people in communities across the country to join together, take action, and be a beacon of hope for animals at risk and neighbors in need.

Transforming The Future for Homeless Pets

With your help, we are setting a new standard for lifesaving to lead us into the future. This is our moment to keep changing things for the better and to achieve no-kill by the end of 2025 together.
