

# A place of peace for your beloved companion

*Where we cherish your pets and honor the love you shared*

## Placement services for your pets at Angels Overlook

Please accept our condolences on the loss of your beloved pet. We're here to help you every step of the way in making arrangements for the placement of your best friend at Angels Overlook or Angels Rest. Please know that these majestic grounds of remembrance will forever be meticulously maintained by dedicated and compassionate caretakers who cherish the love that you and your pet shared together. We are honored that you have chosen our grounds as a final resting place for your best friend.

The following information will help you determine what type of service is best for you. Once you decide which services you will need or if you have any questions, please contact our Angels Rest Team at 435-644-2001, ext. 4867 or at [angelsrest@bestfriends.org](mailto:angelsrest@bestfriends.org).

## Full body animal placement

If you're a Best Friends member who lives within a few hours' drive of the Best Friends Animal Sanctuary, we can offer you a full-body placement\* for your deceased companion.

Please know that our full-body placement services can accommodate a variety of species, but if you wish to place a pet larger than a dog or cat, email us at [angelsrest@bestfriends.org](mailto:angelsrest@bestfriends.org).

\*Please understand that we cannot reopen full-body placement sites and we are unable to allow the use of a casket. We recommend a favorite blanket as a burial shroud.

## Cremains placement

In addition to full-body placements, we also place cremains.\* There are two types of cremain sites, a standard site which most use to place their pet and a large site. With the standard cremains site, you can bury up to three sets of cremains in urns or up to six cremains loose. With the large site, you can bury up to eight sets of cremains in urns and up to 20 cremains loose.

If you have multiple pets to place, you can choose to place their cremains all at once, or an initial service can be held, and the site can be reopened at a later date to receive additional cremains. There is a fee to reopen the site.

\*Your veterinarian can direct you to a cremation resource near you.

## Placement fees

### Full body placement fees

- \$400 – regardless of the size of your pet.

### Cremains placement fees

- \$200 – standard site. This site can accommodate up to three cremains with urns or six loose.
- \$400 – large site. This site can accommodate up to eight cremains, depending on urn size or up to 20 loose.
- \$100 – Re-open site fee

## Name markers

In addition to placement, our fees include your choice of a standard hexagon or square name marker, and these can accommodate up to three plastic name plaques.

You can also choose from a variety of other memorial markers or add one of our handcrafted memorial wind chimes at your placement site. For a site that may accommodate more than three pets, we will place a plaque in honor of the family name.

For memorial options, please go to [bestfriends.org/inmemory](http://bestfriends.org/inmemory).

## Placement dates and times

For any placement service, we kindly ask that you provide at least five days' notice for site preparation. You may arrange your placement up to three months in advance when there is a pending or planned passing of a pet, but we do not offer prepaid services for further in the future. The date of the arrangement will need to be confirmed by our Angels Rest Team. Because of the nature of our preparations, we require three days' notice for cancellations or changes.

Placement times, for both full body and cremains sites, takes place at 9:30 a.m., 10:30 a.m., 1:30 p.m., 2:30 p.m. and 3:30 p.m. Please let us know if you plan on attending the service when you contact us.

Thank you for being part of Best Friends. Please don't hesitate to reach out to us with any questions.
