

## Cat Training Visual Hand Cue Examples

**Come** - Index finger pointing down to the floor at cat's head level.  
Teach targeting (nose bump) to finger first.  
Use "come" as the verbal cue.

**Sit** - Index finger pointing, parallel to the floor, tilted slightly downward.  
Hold lure between thumb and middle finger.  
Use "sit" as verbal cue.

**Sit Up** - Index finger pointing up.  
Hold lure between thumb and middle finger.  
Use "up" as the verbal cue so the cat does not get confused with "sit".

**High Five** - Flat hand at cat's head level. Hold lure between thumb and palm.  
Use "high five" as the verbal cue.
